**Bellevue Total Health Receives 2011 CMUS Talk of the Town Award for
Excellence in Customer Satisfaction
Rated Best in the Region**

Green Bay, WI (July 7, 2011) – Bellevue Total Health recently announced that they have received the prestigious 2011 CMUS (Celebration Media U.S.) Talk of the Town Award for Excellence in Customer Satisfaction in the Health and Medical category. They earned a perfect five star rating which places them best in the region.

The award was created to showcase companies that excel in serving their customers and getting high marks. Ratings are calculated based on consumer review websites, blogs, and social sites, business rating services and other award information to determine the top companies across the country. Only those high ranking businesses that received a four to five star rating win the Talk of the Town News Customer Satisfaction Award.

“We are so thrilled to receive this award and recognition”, states Dr. Bradley Kenny, D.C., Clinic Director for Bellevue Total Health. “Our professional staff has been trained to provide the best care and personalized service for each patient that walks into our clinic. This award reflects their dedication and passion and I am very proud of my team.”

Bellevue Total Health opened in 1998 and is a successful Medical and Chiropractic health clinic located in Green Bay, Wisconsin. It is the only MD/Chiro clinic in the county and is owned by Dr. Bradley J. Kenny D.C. and his wife Christine. Their professional staff includes a medical doctor, nurse practitioner, physical therapist, and an associate chiropractor. They offers a wide variety of care to families, individuals and companies such as chiropractic, acupuncture, nutrition and herbal medicine, massage, and physical therapy. They provide a full range of services including: drug testing,

physicals, breath alcohol testing, DNA testing, sleep studies, hearing tests, after hour services, back assessments, post-accident kits, post-offer examinations, D.O.T. physicals, post-offer physicals, fit for duty evaluation and more. They are the only accredited drug testing facility in the state of Wisconsin and they are a member of DATIA (Drug & Alcohol Testing Industry Association). For additional information, please call 920.468.8288 or visit www.bellevuetotalhealth.com.
